Serial Number: 10/650193 Attorney's Docket #: Q77191
Filing Date: 8/28/03; claimed foreign priority to 5/8/02; 10/17/03; 5/5/03

Applicant: Ohto et al.

Examiner: Alexander Williams

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/16/09 has been entered.

This application is a continuation in part of application # 10/281321, filed 10/28/2002, now abandoned.

Applicant's Amendment filed 2/17/09 to the election of Species I, figures 5A-8C (claims 1 to 17 and 51), filed 8/11/04, has been acknowledged.

Claims 1, 2, 8-14, 18-50 and 52-214 have been cancelled.

Claims 3-7 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 3, it is unclear and confusing to what is meant by "wherein said first insulating interlayer comprises **at least one of a SiO₂ layer and a low-k material layer**; and wherein **said low-k material layer** comprises one of a SiOf layer, a SiOC layer, **a ladder-type hydrogen siloxane layer and a porous ladder-type hydrogen siloxane layer.**" If in the at least one choice of a **SiO₂ layer and a low-k material**

layer, and a SiO₂ layer is chosen for the first insulating interlayer, now the choices with the wherein clause of the low-k material layer no longer are consider in this claimed structure. How is the further language of “**said low-k material layer comprises one of a ladder-type hydrogen siloxane layer and a porous ladder-type hydrogen siloxane layer**” further limiting the claimed structure? Also, if the SiO₂ layer is chosen for the selected structures, dependent claims 4-7 does not further limited the selected structure.

Any of claims 3-7 not specifically addressed above are rejected as being dependent on one or more of the claims which have been specifically objected to above.

Claims 15-17, 51 and 215-218 are allowed.

Response

Applicant's arguments filed 2/17/2009 have been fully considered, but are moot in view of the new grounds of rejections detailed above.
